## NO APPETITE-EMACIATED-NERVOUS.

Many Women During the Spring Months Suffer From Extreme Lassitude, Loss of Appetite and Nervousness--What They Need Is Pe-ru-na, the Great Tonic

Miss Bertha M. Rush, 5435 Kincade street, Pittsburg, Pa. Superintendent Junior Society of Methodist Protestant Church, and leading Soprano of the choir, writes: "Words cannot describe my thankfulness to you for Peruna. I was a sufferer from systemic catarrh for years and was in a very much rundown condition. I was extremely nervous and had the most foolish fears over nothing. I was thin and emaciated. "My physician advised me to leave this climate but as it was not convenient to do so at this time, I took the advice of a friend to use a bottle of Peruna. I took it faithfully and when the first bottle was gone I felt so much better that I bought six more and took them first bottle after which I looked like a new woman. "I gained in flesh, my appetite returned and all my old symptoms had disappeared. I am more than thankful to Peruna."—Miss Bertha M. Rush.

## I AM TIRED.

Everybody is Tired—Spring Weather Does It—Every One Should Be Cautious.

Depression of the nervous system at the approach of spring is the cause. General lassitude, dull, heavy sensations, continual tired feeling, with irregular appetite, and sometimes loss of sleep. Peruna meets every indication and proves itself to be perfectly adapted to all their varied peculiarities. Peruna invigorates the system, rejuvenates the feelings, restores the normal appetite and produces regular sleep.

That tired feeling which is the natural result of the depressing effect of warm weather immediately after the invigorating cold of winter, quickly disappears when Peruna is taken. Thousands are daily testifying to its priceless benefit.

"Peruna Keeps Me in Perfect Health." Mrs. H. Kassatt, 129 W. 13th street, Des Moines, Ia., writes: "I am happy to give my endorsement for your valuable medicine. Peruna, as I consider it a valuable medicine to take when the system is run down from overwork. About two years ago I felt that I must take a long rest as I had been unable to work for over a month and could not regain my strength. I could not sleep at night and was in a very nervous, high strung condition. I decided to try what Peruna would do to build up my strength, and am pleased to say that I began to improve very shortly, and in less than two months I was able to take up my work, and felt better than I have for years. I take it now twice a year and find that it keeps me in perfect health." Mrs. Kassatt was for over ten years the manager of a plant furnishing ladies' wear and employing hundreds of women.

## "I Recommend Peruna to All Weak Women."

Miss Daisy R. M. Baisok, 739 S. Lona street, San Antonio, Texas, writes: "About a year ago I was weak and exhausted and suffered severe pains. My sister brought me a bottle of Peruna and said that I would feel better if I would take it. The very first spoonful seemed to help me, and after taking five bottles of Peruna and one of Maudslui I can say I am entirely cured. I especially recommend Peruna to all weak women. I thank you for what Peruna has done for me, and wish you success."

## Tired, Nervous Women.

A few bottles of Peruna would do them good. A few bottles of Peruna would do them good.

As a tonic and nerve invigorator it has no equal.

## DENNIS FLYNN TALKS

El Reno, O. T., May 21.—Hon. Dennis T. Flynn, the Little Giant of Oklahoma, was in the city for a short time yesterday. When asked what he knew about the political outlook, he said:

"You all know I am out of politics. I have had my day and intend, for the balance of my long career, to devote the talents the good Lord has given me to being a good citizen. I do not intend to stop now, but in attending strictly to my legal duties, but, of course, I cannot help, at times, to take a private part in the ranks of my party and do what I can towards helping my friends who were steadfast when I needed their help."

"My humble opinion is that Bird McQuire will succeed himself as delegate to congress. John Dillon, if he accepts the management of Bird's campaign, will land that gentleman in his old seat. There is no man in Oklahoma better qualified than John Dillon to manage a campaign. He is a pusher and is well known all over the territory."

"The Democrats, from what I have observed, are very badly mixed up. They have too many candidates in the field for any of them to win out. The East Side fellows are willing to sacrifice everything in order to secure a delegate to congress. They are willing that the west side fellows shall have the nomination, and the chairman of the territorial committee. The west side fellows—no better can be found anywhere—are just as determined that a west-side man shall be nominated, and I must say they have the good men that will be hard to beat. Frank Mathews, of Mangum, is one and J. M. Kane, of Kingfisher, is the other."

"Judge Maxey, of Shawnee, firmly believes that he will be nominated on the third ballot, but as a majority of the Democrats in Oklahoma are for Hearst for president the judge's Parker views will not go down with the untiered in this territory. Edgar West Jones, the grand duke of Little Africa, will be a strong man in the convention, and from what I can learn he will trim the knots off from the judge. Doyle, Bowles, Rose and Taylor, from what I can learn, are not in it to any alarming extent. I think a west side man will get the nomination at Oklahoma City and Bird McQuire will be elected next November."

Dennis left on the 4:30 train for Kingfisher for the purpose of visiting his old friend Governor A. J. Seay.

## WILL ABANDON RACES.

Crescent Jockey Club Cannot Hold Race Meeting Without Wires.

New Orleans, La., May 21.—It was officially announced today that the Crescent City Jockey club will probably abandon its annual winter race meeting here in view of the action of the western Union Telegraph company in ordering abandonment of the race track telegraph service.

Officials of the Jockey club stated today that it will be impossible to run the winter races without heavy financial loss without the revenue derived from the Western Union Telegraph company which paid the race track management here \$10 per day for every pool room in the United States and Canada taking the race report.

Newark, N. J., May 21.—The hearing of arguments on the petition of E. H. Harrison and Winslow S. Pierce, for an injunction against the distribution of assets of the Northern Securities company, under the announced plan, was continued before United States Judge Bradford today. At the opening of court it was decided by Judge Bradford that the arguments of Elmer Root for the Northern Securities company and Attorney Thibault, representing the Oregon Short Line bondholders, would be heard here today and that Messrs. Guthrie and Johnson will be heard on Monday at Trenton. Mr. Root then resumed his argument begun yesterday. He maintained that the decision of the courts did not adjudicate the plaintiffs to be the legal owners of the stock in question, and that the United States circuit court, sitting at St. Paul, had sustained his view. The equity in the property held by people who had bought in the open market, he argued,

must prevail against the claim of counsel for Harrison and Pierce, and it would be entirely unjust to these people who would be deprived of their rightful share in all the stocks. The extra \$100,000, which would accrue to the Harrison interests, he insisted, would be at the expense of the other stockholders.

Mexico City, May 21.—Details of the new concessions secured by the Southern Pacific railway authorizing the construction of an extension of the imperial branch across the Colorado desert on Mexican territory are published. The rates for passenger and freight traffic are the same as granted to purely Mexican railways.

Jefferson, O. T., May 21.—A meeting is called for next Tuesday afternoon to discuss a proposition to establish a creamery at this place, and farmers and their wives are wanted to attend. Professor Alexander Harrison, late of Minnesota, will address the meeting.

A novel athletic contest is to take place under the auspices of the Mount Washington Athletic club, at Baltimore, next month. None of the contestants may be under forty years of age, and several classes are reserved for men of sixty, seventy and upward. Quail, cross country runs, tennis, base ball, "snoopy," putting the shot, jumping, running, and hurdle races will be on the program.

Mayor McCallin, of New York, finds that there is considerable work connected with the position he occupies. He is now engaged in the reorganization of his signing his name 25,000 times to an issue of \$7,000,000 in municipal bonds.
